(800) WOLGAST**

MANUFACTURING PLANT DESIGN & CONSTRUCTION EXPERTS

Wolgast Corporation® is the leading provider of construction services in the Great Lakes Bay Region. For 75 years, we've delivered specific, customized solutions to each of our clients. As one of the few local firms offering our own staff of experienced construction professionals and a team of architects and engineers, Wolgast provides tailored construction solutions to solve the individual construction needs of our clients at an expedient pace. Because we're a systems driven company, we can keep our promises for your project to be on time, every time. Additionally, our estimating team is diligent to provide the most accurate and thorough pricing to hinder surprising contractor caused change orders during construction.

Solid Foundations...Solid Results...the Wolgast Way!

Industrial Construction Services:

We know construction of a manufacturing plant is not simply building another building, it's a long term investment for your business. Our turn-key construction process allows you to stay focused on running your business while we manage all phases of the construction from start to finish.

SPECIALTY SERVICES:

- Design-Build - Architectural Drawings
- Planning to meet fast track schedules
- Making accommodations for truck wells, pits, heavy machinery, overhead cranes, storage and testing rooms
- Meeting zoning and code requirements and securing permits
- Guidance with Brownfield renovation incentives
