## **MEDICAL OFFICE DESIGN & CONSTRUCTION EXPERTS**

Wolgast Corporation® is the leading provider of construction services in the Great Lakes Bay Region. For 75 years, we've delivered specific, customized solutions to each of our clients. As one of the few local firms offering our own staff of experienced construction professionals and a team of architects and engineers, Wolgast provides tailored construction solutions to solve the individual construction needs of our clients at an expedient pace. Because we're a systems driven company, we can keep our promises for your project to be on time, every time.

Solid foundations...Solid results...the Wolgast Way!

### **MEDICAL DESIGN & CONSTRUCTION**

We use a phased design and construction process that is meant to assure our clients that their completed medical office will meet their practice's specific needs with little disruption. In fact, all plans are in place to deliver exceptional value and quality for a long-term building investment. Through our medical construction experience, we have learned what it takes to be successful from start-to-finish, without sacrificing form, function, quality, or craftsmanship.
