(800) WOLGAST**

MULTI-FAMILY HOMES CONSTRUCTION EXPERTS

Wolgast Corporation® is the leading provider of construction services in the Great Lakes Bay Region. For over 70 years, we've delivered specific, customized solutions to each of our clients. As one of the few local firms offering our own staff of experienced construction professionals and a team of architects and engineers, Wolgast provides tailored construction solutions to solve the individual construction needs of our clients at an expedient pace. Because we're a systems driven company, we can keep our promises for your project to be on time, every time.

Solid Foundations...Solid Results...the Wolgast Way!

MULTI-FAMILY HOME CONSTRUCTION SERVICES:

Wolgast has developed and constructed their own housing projects as well as built for private clients. Our phased services allow units or floors to be available as they are completed. Additionally, our ability to perform many of our own trades provides cost and time savings. During preconstruction planning, we are able to establish the critical elements of the project to ensure that we deliver exactly what our clients are expecting.

SPECIALTY SERVICES:

- Turn-key experience
- Focused on completing units as soon as possible
- Self performed trades to improve performance and control cost
- Multiple construction delivery methods
- Familiarity with tax and financing programs
