## INSURANCE RESTORATION EXPERTS

Wolgast® Restoration specializes in structural and content restoration when it comes to damage from water, fire, wind or other disasters. Our team leaders are well established in the business and have the credentials and licenses to professionally restore your property in the same manner you have come to expect from Wolgast Corporation.

Seeing a need in the insurance restoration market, Wolgast has developed a systemized Restoration Division to work in conjunction with our construction team. This unique mix of services allows us to expertly work with insurance adjusters to clean-up and restore your building and contents to pre-loss condition while staying within the acceptable budget.

## RESTORATION AS PART OF WOLGAST CORPORATION

Wolgast Restoration upholds the same principles and values that have contributed to the success of the Wolgast Corporation for over 70 years. By guaranteeing the highest standards for quality, service, performance and professionalism, Wolgast Restoration excels at providing our customers with an excellent value. Implementing our process driven approach to ensure the success of each and every project has been, and will continue to be the Wolgast Way!
